The WAP Gallery features the work of more than 20 Wheaton and area artists.

Wheaton Arts Parade (WAP) brings the community together to create art and celebrate its diversity. WAP activities, like the gallery, community and summer workshops, lead up to the Wheaton Arts Parade & Festival that will take place on September 22.

Like the gallery, the festival is a chance for local artists to exhibit and sell their work, be appreciated by the community, and for all to see Wheaton as an arts destination.

~ The Open House is free ~
